EXPERIENCE

Ecommerce Manager and Web Designer

Silvawell limited

08/2024 - Present Benin City, Nigeria

Ecommerce and agro real estate

- Designed and managed the company's e-commerce platform, integrating WooCommerce and custom tools to support the sale of agro real estate and related products
- Directed all aspects of website development and optimization, ensuring a seamless and responsive user experience across devices
- Handled inventory management, payment gateway integration, and order fulfillment to streamline e-commerce operations
- Developed and executed social media strategies to increase brand awareness, engagement, and lead generation for e-commerce and agro real estate services
- Created visually appealing and engaging content for platforms like Instagram, Facebook, and LinkedIn, aligning with the company's branding and goals.
- Monitored website and social media analytics to evaluate performance, identify trends, and implement improvements.
- Collaborated with cross-functional teams to develop marketing campaigns that aligned digital and social media efforts with business objectives

Web Developer

Scodynate News

11/2023 - 03/2024 Lagos, Nigeria

Blogging and Daily News website

- Designed and developed a dynamic blogging platform using Django, ensuring scalability and a seamless user experience.
- Built robust backend functionality, including user authentication, content management, and comment moderation systems.
- Implemented responsive front-end design using Tailwind CSS to provide an intuitive and visually appealing interface.
- Optimized website performance by leveraging Django's caching and database management features.
- Integrated features like blog categorization, tagging, and search functionality to enhance user navigation and content discovery.
- Monitored website performance and applied updates and enhancements based on user feedback and analytics insights.

SUMMARY

Full Stack Web Developer with expertise in Django and React.js, specializing in building dynamic, scalable, and user-friendly web applications. Skilled in developing robust backends using Django and creating responsive frontends with React.js, Tailwind CSS, and Bootstrap. Proficient in database management (PostgreSQL, MySQL), API integration, and version control (Git). Experienced in delivering end-to-end solutions, ensuring clean code, scalability, and performance optimization.

EDUCATION

B.Sc Physics

University of Benin

11/2015 - 12/2019

PROJECTS

Cocoa CRM

https://github.com/OluwamomiAkinbote/cocoaCRM

A powerful e-commerce management platform developed using Django, enabling businesses to manage inventory, customer orders, sales analysis, and streamline operations efficiently.

Real Estate Company

https://github.com/OluwamomiAkinbote/React-Real-Estate-Project

A real estate platform built with Django and React, offering property listings, advanced search, secure inquiries, and a responsive design for efficient user engagement and lead generation.
